For years we've been saying Crest fights cavities. And now the Canadian Dental Association is saying it too.

The Canadian Dental Association is the national organization of dentists in Canada. Recently they issued the following statement about Crest toothpaste:

"Crest bas been shown to be an effective decay-preventive dentifrice that can be of significant value when used in a conscientiously applied program of oral bygiene and regular professional care."

Now you don't have to take just our word for it when we say Crest fights cavities. The Canadian Dental Association says so too.

Fighting cavities is the whole idea behind Crest.

provement area — the decision is in line not only with community cultural needs but those of the business sector too.

Being close to the shopping area it is reasonable to suppose that a visit to the library often goes hand-in-hand with a de-sire to shop and vice versa. It is also close to Believille Collegiate and while the due decomm and decree of nuite of any library sum and degree of quiet of any library reserved it is also a meeting place, a

munity centre.

That a majority of council members voted in favor of the extension must, mean that there is concern for strengthening this cultural base as well as the dowtown area. Anything less could mean an acceleration of downtown decay. Certainly the city must pend money on other necessary services ut consider that the written word, the treasures of a library, may be perpetuated from generation to generation and for time immemorial while our road surfaces are so ent that they must be bolstered

from year to year.

As for a branch library, as was urged during council debate, such a facility may well be required as the city grows. We be-tieve though that council is right in giving priority to strengthening the Corby library

More for Education

In Hastings county, education will cost \$2,269,615 more than in 1971 — but look at the contraductions: the province will contribute more percentagewise while the total amount to be collected from ratepayers has emount to be collected from ratepayers has decreased slightly. Twenty-three municipal-ities face increased education taxes, with some paying as much as 70 per cent more while ratepayers in six municipalities, in-cluding Belleville and Trenton will pay less. Alarmed by the imbalance as between unbox d by the imbalance as between urban and rural taxes (with the latter rising aharphy) a county delegation is to see the minister of education to discuss the mili rate on rural properties. Meanwhile a re of the budget report explains some of the s for the fiscal anomalies but if so of us are left a little confused by it all it is not surprising.

Swimmers All

Fourteen smartly-groomed young ladies of the Peterborough Ornamental swimmers group are to be envied. They are going to nd, in May to participate uatic Art Symposium. Whether that means talk or action or both we don't know but the group's organization even has a mothers' auxiliary which recently put on a mothers authors which is an annual af-fashion show — in fact it is an annual af-fair — to raise funds for the girls' trip. There is no such group in Belleville, in the swimming sphere that is; indeed we do not even have a pool large enough for the ki of artistic group swimming this would of artistic group swimming this would ex-tail, let alone permit us, to invite the Peter-borough girls down for an exhibition.

Another woman in the latter-day radical vein is Bernadette Devilu who says direct
trule in Northern Friends is only a "doop say
measure and state and the "doop say the
measure and state" in Ireland is ended
Miso Devilu of course is in much the same
left-wing stamp as Miso Davis — in fact we
recall that the two have met — and their
political credo is nothing if not violent.

questions:
- "How many miles do I drive each year?"
"How long am I going to keep my car?" (If you're

only planning to keep it for another 10,000 miles, there's not much point in buying tires good for 30 or 40,000-mile tread life). He was a first plan of the first plan of the

After the Honeymoon Where Are You Planning To Live?

YOU HAVE SEVERAL CHOICES: RENT AN APARTMENT, RENT A HOUSE, BUY A MOBILE HOME OR

OWN YOUR OWN HOME WITH ROLLINS LUMBER'S SELF - HELP PLAN!

All things considered, the best idea is owning your own home. The Self-Help plan is the most economical way to build it. Rollins Lumber will erect the shell on your lot and supply the interior finishing materials. You do the interior work and save several thousand dollars. The result . . . you have an investment, a home that is yours instead of a pile of receipts.

It's a great start for a young couple and right now mortgage money is available. Finalize your plans now and avoid a costly delay waiting for an opportunity to build.

Gregg Kitchen Furniture

Come in and see these 4 models of clasic designs. Total craftsmanship of cal inetmakers, fine, fully-cured woods, an and unbelievably resistant finish the lets you "see but not touch" the rici natural wood grain beneath

GARDENCOURT

A new concept in "care-free" kitchen cabinets. These superbly functional cabinets are totally sheathed inside and out in a thick layer of vinyl, including an ail-plastic drawer. The distinctive pecan finish is overlayed with a clear vinyl for added protection.

RICHELIEU

Gregg's newest! A more modern variation on the distinguished Gregg tradition. To conform with much of the latest furniture in other rooms. But all the other features are the same: superb siyling ... solid birch ... quality hardware.

One group of professional cavity fighters has just recognized another.

Crest is now officially recognized effective against cavities by the Canadian Dental Association; The Canadian Dental Association is the national organization of dentists in Canada.

Here's exactly what they said about Crest: "Crest has been shown to be an effective decaypreventive dentifrice that can be of significant. value when used in a conscientiously applied program of oral hygiene and regular professional care Now you don't have to take just our word

for it when we say Crest fights cavities. The Canadian Dental Association says so too.

Fighting cavities is the whole idea behind Crest.

More on Parole

Yet further evidence of the govern-ment's extraordinary purole system is af-forded by the running to earth in the United States of Richard Swearngen, 25, a convic-ted murdeers who was granted Christmas leave from Collins Bay penitentiary and falled to return.

Sweamgen escaped on foot from a po-lice cruiser two weeks ago after disarming two St. Catharines officers. He had been arsted after two men were shot in a St.

On such evidence alone it may be asked On such evidence alone it may be naked with pursive was granted. One thing is now certain, if it has not yet downed on the sutherties: men with this kind of record are not parole material. Wholeenie granting of parole must alon, not only for the protection of the public but also because of the activities of the protection of the public but also because of the activities all outcomessary policies work that must be undertaken in the wake of an estimate of the public but also because of the such public but also because of the such

From Russia

All of a sudden people in Russia and its satellites are finding they are able to visit their relatives here. A 43-year-old Russian truck driver, separated from his family in Poland 28 years ago, is currently with his family in Vancouver. Reinhardt Reck was

mmly in Vancouver. Reinhardt Rock was med by about 16 relatives and in-laws including his 72-year-old mother.

In Toronto meanwhile, make the reinforce of Rarry Timuchel on after a spearation of 25 years. Mr. Timuche filed from Latvia after the second world war.

In both cases the visits were made possible by letters to Soviet Premier Knoppin churing the visit to Canada from Russia eller as in-signants or visitors, but must there come to Canada from Russia eller as in-signants or visitors, but must there complete the cases.

Here's important news for the 3 out of 5 Canadian households that may have at least one of their members in hospital this year.

Along with the excellent government hospitalization plan that takes care of your expenses while in hospital, you can now enroll in CNA/assurance's new after-hospitalization plan that provides extra income to take care of expenses when you're out of the hospital and convalescing.

CONVALESCENCE CASH

The new plan that has tax free extra money waiting for you when you get out of hospital.

Your entire family is eligible for Convalescence Cash. There are no maximum age limits and acceptance is guaranteed, during this enrollment.

- . You can collect \$20 a day tax free extra cash for every day you are convalescing. No home confinement necessary to collect.
- You can collect in addition to any other coverage you may have—and you can start collecting immediately.

Choose from these 4 plans that pay you while you or your family are convalescing after hospitalization.

FAMILY PLAN

Pays \$20 a day while you are convalescing.

Pays \$15 a day while your wife is convalescing. Even for maternity.

Pays \$10 a day while your children are convalescing.

An Emotional Issue

All ERIGIONOM ISSUE
The subject of abortion has always been an emotional cone, and to no greater extent than it is today.

However when all is said and done, at every argument has been exhausted, abortion remains what a Thrombo coroner, Dr. David Marshall, has described as a "serrable moral question." And one, he added, which can be swided.

can be avoided.

Here is how he put it: "The terrible
moral question of the destruction of unborn
children aboutd be avoided through contraception." He was speaking at an inquest into the death of a 21-year-old woman following therapeutic abortion — a tragedy which
he suggested places some doubt on the fedhe suggested places as one doubt on the fed-

So Naturally, You Want The Most For Your Money, And...You Get The Most

AT ROLLINS LUMBER!

The people at Rollins Lumber in Forbero have put a lot of time and spearch infining the best way to own your own home. The result was the "Self-Height possible price, Rollins Lumber gets you started with the shell resected on your lot and the interior materials. You do the interior finishing and save several thousand collars in labor costs. It's that simple!

Finalize your plans now while mortgage money is available. Later in the season the money situation will probably tighten up and our work crews will certainly be busy building homes for many other families.

It goes on to speak of the influx of people into the Halliar area bringing "new ideas ete which stimulated the change process." Bast Coast was born "in response to new thinking in the field of the propose to new thinking in the field of the work of the revolets with the project and they "work with the school community in planning and acting on their particular interests." We are not sure what all this means; by working with the school community of the property of th education authority in Hamary What och the education authority think of the Comp-any's observation about "emerging dissatis-faction?" The volunteers, the report says "are also charged with responsibility for de-veloping the School's community outreach venjung the School's commissing public acceptance and also financial backing for the educa-tional alternative?" Does this mean they are in competition with the local school author 11y? One thing more, what is the curriculum of this community school? The report, at oo others in the CVC folder, leaves many qualouncis in the CYC loider, leaves many ques-tions unanswered and the reason we would like answers is because we recall the political overtones of some of the earlier days of the CYC. When they speak of social change it is pertinent to inquire what changes they have in mind.

have in mind.

Another example where we have to read between the lines is Le Bloc Nord-Ouest Quebeools which aims at establishing links between the various communities of Northwestern Quebec by the creation of a regional communications network. We are told that communications network. We are told that during the last, two years six CSC volun-teers, assigned to the area, and with the co-operation of "different groups of workers," prepared a series of local television pro-grams. No mention however of what the programs were about. But under description of the environment we read this: "The 'bloc' is assumed of workers from different series." of the environment we read this: "The 'bloc' is composed of workers from different sec-tors. Many are militant union members, others are community development organ-izers, others are 'simple craftsmen' interest-ed in the communication problem." And the objective: "communication as 'a source of

objective: "communication as," a: source of efficient and constructive solidarity is a vital part in the creation of this mid-north area in which we live. The control of this project which now is of such propor-tions that the "bise" is being reglocalisation with club being the proportion of the proper-tion of the control of the control of the which is the created to in another section of the report as "Radio-Nord."

Again, we are told nuthing of what he repetation and left with the communities of the com

It takes an expert to grade beef!

Our government trains and employs experts...men who inspect and grade beef at various locations throughout the nation. They protect you...and retailers, like us.

or your money back.

That's why A&P is happy there's a government inspector on the premises of the plants serving this area.

Also important are A&P's our beef experts. Their job is to see to it that A&P Beef measures up to our own

"SUPER-RIGHT" quality standards...

standards which don't exactly fit our government's grading categories.

For instance, some beef graded Canada Choice Red Brand fust doesn't most our "SUPER-RIGHT" specifications.

No wonder we don't hesitate to guarantee that the "SUPER-RIGHT" Beef you buy will be as flavourful and tender as you think it should be,

So, you don't have to become an expert to choose great beef for your family_just shop A&P!

Dundas Reconstruction Cuts Wide Swath

Motorists crossing the CPR tracks west of Belleville on Highway 2 these days will see a strange curved, diten sporting long, thin iron poles. Work-men proceeding with the widening of Highway 2 into four lanes are installing a concrete-based support

wall for a new roadbed which will eliminate a bend in the road in front of Towers Store. The new route will pass between the present highway and the stree parting let. Widening-of the roadway is expected to be completed by next spring.

Thief Jailed

Some cars can go faster than the tires that are on them will safely allow. Not racing cars or "muscle" cars, but just everyday, ordinary sedans. This terrifying prospect is a result of the everyday, ordinary driving some people do, and the kind of tires they beapen the barger of the serveryday.

For instance: If you commute to

tread on the road, the additional buging in the sidewall can cause even more heat.

After a while, all this heat builds up, and can cause the tire to start literally breaking down. The rubber gets soft, and weak. And eventually, the tire just isn't capable of safely performing at highway speeds over a sustained period.

kind of driving) can be worse than the wear and tear on you.
Foremost, is the problem of heat. That bugahoo of all tires.
Each time a tire moves, it flexes. (Squeeze and unsqueeze your hand rapidly That's just one kind of flexing a tire goes through when it's moving.)
And each time it flexes, friction causes heat build-up in the tire (Bend a coat hanger back and forth quickly and see how hot it gets.)

The battleground.

Uniroyal engineers thought long and hard about this problem and created a special tire for the person who does a lot of highway driving.

It's abelted bias-ply tire, and it's different than a conventional tire in some execution of the property of

rerent than a conventional that it is to ex-very significant ways as we'll try to ex-plain if you'll bear with us.
First of all, the "carcass", or foun-dation of our tire ("A" in the diagram) consists of two full layers or "plies" of nylon running at a carefully engineered bias, or angle to each other. (Thus the

The less a tire distorts and squirms,

the less heat is built up.

And the less the chances of tire strain leading to breakdown and failure.

What about mileage?

Once again, Tiger Paws deliver. Since the belts minimize the tire squirming on the road, less rubber scrubs off the tread. That, coupled with our extra deep tread grooves gives you extra in-

creased mileage over conventional tires.
Safety, Performance. Mileage.
If you happen to do the kind of driving we've been talking about, maybe you need the kind of tire we've been talking about.

getting Club to you, it's because we insist on brewing it slowly.

Formosa Spring is a small brewery. And we won't hurry our beer. But now we've got a little bigger. So even though

we don't brew Club any faster, we brew more of it. So now there's enough to go around.

Try yourself a slow brewed Club Ale. We take the time. You taste the difference.

Camera for The Moon

Artist's conception shows an Apollo 16 actron-aut mounting an earth-controlled color television camera on the hunar rover. The rectangular-shaped unit at the front of the vehicle is the lunar communications relay unit, the portable mini-broadcast station that enables the astronauts to maintain voice contact with earth, and to transmit telemetry and television signals from the moon. The lunar communications relay unit and the umbrelia-like antenna were designed and built by RCA.

"The only way we could de together was if we were divorc ry. When they did ride together for the first time she came first and her husband

We do not know the reason for the rulng. After all husbands and wives work together in business although it may not necessarily be good for their marriage. Could it be that as a team they could gang-up on the other riders?

Anyway these are some of the fascinating variations of how men and women relate to each other in the seventies. We may expect other intriguing situations as time

Recreational Vacuum

As the weather improves everyone is getting out more and to some extent this poses a problem in the sphere of recreation

and it is early yet for tennis or golf or so ming and in any event there is a host of kids who indulge in more of these pestimes. Instead they use city residential mues for hockey and cycling and private seways as a right of way for games of tag. Sometimes they get in the way of cars ex-iting from driveways or on the street itself and there are times when these selfsame kids are in no hurry to make way.

It is difficult to police this sort of thing so it all comes back to the young people themselves. Is there no way greater use can be made of school play areas and football pitches? Can efforts not be made by neigh-borhold groups, parents included, to foster recreational activities?

Soon we should see a start to soccer at Ewick's Island and we are wondering if an effort cannot be made to include field hockor both boys and girls. Occasionally in he summer we see girls at hockey practice in the lawn in front of BCI, but beyond that

You know the top speed of your car, but do you know the top speed of your tires?

Some cars can go faster than the tires that are on them will safely allow. Not racing cars or "muscle" cars, but just everyday, ordinary sedans. This terrifying prospect is a result of the everyday, ordinary driving some people do, and the kind of tires they happen to have.

For instance: If you commute to

After a while, all this heat builds up, After a while, all this heat bullosup, and can cause the tire to start literally "breaking down". The rubber gets soft, and weak. Welfare Curbs Sought

Wellare Curos Sough!
Councillor Edgar Gordanier of Deseronto may have a tiger by the tail and he admits as much, but in seeking council support for a firm line on "cauring" welfare costs he has the interests of the public at

art.

Concerned, as so many are, at a situan which can allow a man to earn more
welfare than he does on the job, Countor Gordanier wants approval for a resotion to be forwarded to the Ontario Munisil Rosv¹.

cipal Board. It is just possible that Canadians are becoming so accustomed to welfare that they regard it as a sort of divine right. Abuses there are too and if the Deseronto councillor's endeavor can restore a little respect both for work and the value of a dollar it will be no mean accomplishment.

Buy A New Capless Wig

Your Old Wig or Hairpiece is Worth

capless wig at regular price.

3 Davs Only

Offer Ends Saturday

Jump on the fashion wig wagon, trade in your old wig and enjoy a big \$10 discount off any new capless wig regularly priced from \$32 to \$45! We've got a totally smashing collection of capless wigs including the famous Eva Gabor capless wigs. They'll apoll you for any other. Instead of a solid cap, you wear an airy lattice of light key bands. You can pull your own hair through, for terrific highlights. You can even scratch your head! Choose from beautiful natural tones and styles that complement yours. Our Wig Stylists will be happy to help you choose a wig that's perfect for you. And to show you how to style it and care for it. So what are you waiting for! We can accept only one wig per trade-in, on the purchase of each wig.

Botton (GP) — The easy Bob team had light week.

Track Whiz

Glenda Risser, 16-year-old Ottawa middle-dixtance runner, has broken nine Canadian track recreds in less than a year. A calculating, methodical runner, she practices about 50 miles a week. While she could get to the 1972 Olympica at Municht, she's planning seriously for 1976 in Montreal Her Canadian record for 1,500 metres—the metric mile—of 4.23.5 must be lowered to 4.20 to quality her for thit years olympics.

Luxurious all. And the Celica has it all. Luxurious interior, Full instrumentation. Powerful 2 litre O.H.C. engine. In fact once you're seen it you'd expect it to have a long list of costly-options. Instead it has a long list of standard, equipment including radial tires and an AM/FM radio.

It looks like one of those high performance cars. But it doesn't cost like one. Surprising as it may seem, the Celica ST costs less than \$3400. And that's for everything. So it isn't surprising you couldn't guess what it is. Now that you know, drive a Gelica ST and really be surprised.

Cruise Venture

For some time now these Bay of Quints waters have been begging for someons to put them into the tourist boat business and we are happy to see that the vacuum is about to be filled.

about to be filled.

That the initiative is American, is indicative unfortunately of our own tardiness
in this regard, but it will mean tourist busmess for the Quilne region to onal perhaps

GRIMSBY OIL FIRED FURNACE - ATTRACTIVE AND VER-SATILE DESIGNED TO GIVE YOU MAXIMUM HEAT AT MINIMUM COST

For Just \$2.90 a Month

The furnace itself — complete — is replaced free of charge. Due to the unknown factor or duct work require-ment, installation is extra.

In most furnaces, the oil burner itself is a separate and distinct part of the unit — should that be required — then it too will be replaced at no cost.

Every part of your heating unit - major or minor - is replaced under this plan.

With FREE NO HEAT SERVICE currently included in the price of oil, all service calls, are provided at no charge.

Domestic hoilers can be covered on this plan for \$4.00 per month. Installation and plumbing extra.

If you wish the best for the least, there is just no better way to insure against unexpected expense and main-tain your heating system in top operating condition at

This plan is available to you as a home heating custom E of ours, on automatic fuel delivery.

Folk Mass At St. Thomas Church

The "Joy of St. John" came to St. Thomas' Crurch Sunday night to present a folk mass that filled the church to capacity. The group of guitarists and singers from Prescott, accompanied by their

rector, Archdeacon Frederick Payne, provided music for the mass, some of it written or arranged by themselves.

"Herbs harvested from the sea to give your skin a refined look."

This cream mask is so gentle you can even use it around the eyes to reduce puffiness. Give it filters minutes on your face and here's the difference you'll see. Little lines are less noticeable. Your skin is more railined. Delinitely a great deal more radiant. If one treatment can make this much difference, think what a couple a week could do.

THIS IS ALL THERE IS TO OVEN CLEANING WHEN YOU OWN A

RANGE WITH SELF-CLEANING OVEN

THIS G.E. MODEL 850 CONTESSA does away with scouring, scrubbing and the time of

cleaning your oven forever.

And it does it all electrically. Just set the control to "Clean", set timer. Move heat shields into place, and in less than three hours your oven is virtually as clean as new. Only C.G.E. electrically cleans the ENTIRE oven. Pius oven shelves. Pius inner oven door and windows. Plus the surface element drip pans. And you know how dirty they can get!

There's no need to be home. The easy-set Oven Timer starts, times and stops oven automatically. And you have an oven that looks writially new again. All you have to do is wipe up the few ashes that remain.

As long as you own your C.G.E. self-closu-ing range, it will always clean itself. No wall treatment to wear off. No factory re-treatment needed. No matter what food soils your oven, the C.G.E. self-cleaning system will remove it.

Fast, complete and safe. Door automati-cally locks as temperature rises. What could be easier?

UNMATCHED VALUE!

TT'S A BIG WIDE WONDERFUL WORLD'. And at Cherney's Furniture World, 'world' is the word: You'll find the latest in furniture fashions, feature filled appliances, colorful television, super - sounding stereo, sumptuous carpeting, delightful drapery, and well, just about everything for your home.

"UNMATCHED VALUE. That's another way of saying, "we are rarely undersold" or "compare" or, more to the point – if you believe that an item costs less elsewhere than at Cherney's; come and tell us about it. We shop our competition on price constantly. Sometimes, though, we miss, and if we're 'off', we will refund the difference. Have you taken into account Quality ?, Service ?, Selection ?, Quick Delivery ? Dependability ?, Courtesy ?, our own In - Store Budget Accounts and No - Interest Charge Accounts ? Those are the only old-fashioned things about Cherney's.

AND WE SHOULD KNOW. After all, we've been around for 37 years and we intend to keep right on going. Thousands have found, that they pay no more and often less at Cherney's. It's an old phrase with us, but it was absolutely true in the past and it will continue to be — "Quality you can depend on from the store you can trust."

YOU'RE INVITED to visit Cherney's Furniture World (first or last) and challenge us, if you wish, or our Unmatched Value policy. While you're here, take a trip around "The World"—a beautiful experiencel

Yes-It Shows

So you thought there was no discrim-ation in Canada. Well there has been uch walling and gnashing of teeth in offic-l circles over the Toronto Justice of the

hal circles over the Toronio Justice of the Fence who made a cirty crack in traffic court about Moniems to a Canadian cilizer of that faith.

The circumstances are probably familiar to most by now. The JP conducted what seemed tills a length with the detendant is to which form of worship he should adhere in swearing to lell the truth, culminating with his remark. "Modents the dammed."

The JP has since been hounced by Attempt General Justice has been bounced by Attempt General Justice has since been hounced by the class and comments "in any court of this province" and that in effect, it "ridiculed a person's religion."

. . .

Mr. Bales of course has acted correctly but we wunder if the incident is not simply a symptom of a much larger malalse in the attitude of Canadians in matters of religion and race. All through our society, from the and race. All through our society, from the foremment down, we cast a plous sye on the affairs of other countries whom we re-gard with disfain for allegedly falling to give minority — or even majority — peoples their fair dow, while all the time harboring similar sentiments. Maybe we try harder to if ourselves of those and clinical their countries of the ourselves of those and clinical their countries. By the countries of the countries of the countries of raphic local states of the countries of the countries of raphic local states of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the countries of the raphic local states of the countries of the countries of the raphic local states of the countries of the countries of the countries of the raphic local states of the countries of the countries of the countries of the countries of the raphic local states of the countries of the countrie

The current issue of The Ontario The current issue of The Onlario Churchman affords another example, where The Ber. Hugo Muller of the Diocese of Moosenee is quoted as saying that the church is often the only place where indians and whites meet on an equal basis. It is a situation in which sees the church role in the North as a "liakon between the in-wading whites and the culturally disorientated indians."

rading whiles and the culturally disorien-tated Indians."

To return to the Toronto Incident, there is another appect of the court hearing that is giving cause for concern. Why are Justia in the control of the court is sufficient to preside over traffic cases? Our understanding is that the main metion of a Justice of the "Sease is to preside over preliminary hearings and remand tratter. A Globe and Mall reporter who concerned traffic courts in action over a period three weeks came away with some starting impressions. He said the name when more capture is not approximately and the court circle and the court reporter. Together the four usually function as a team.

"Indeed, their courtom chummines."

function as a team.

"Indeed, their courtroom chumminess,"
wrote reporter Jack Batten, "is one of the
more unsettling aspects of the way traffic
courts function, that and a certain amateur courts function, that and a certain amateur quality in the courts proceedings, an amateurism that springs largely from the fact that most of the men who all on the bench and hear the cases are not provincial, court-judges, not men educated as low principles, and pulses, not men educated as low principles, and with, for the most part, only minimal train-ing in the law." It adds up, he say, to a feel-ing of "them" against "us." Hiring a lawyer in detence mercure in our worth the money when the minimum fee may be \$190. The pressile is also that the minimum fee may be \$190. The pressile is also that it is also the property of the pressile of the pression of the The pressile is Advanced-finers.

The result is Attorney-General Bales may have more on his hands than what charitably might be described as a JPF slip of the tonger. The whole tartile court process, in Toronto at least, is in question. It descrives an investigation at the very least, court are treated fairly and not just as so much calle being consigned to the slaughter house.

The Job Hunt

Prime Minister Trudeau recently startled many of us by saying there are jobs av-allable in Canada. Well there are — after all the newspapers are full of job advertise-ments — it is just that there are not enough and finding one may be like looking for the provertial needle in the haystack. Further-more, Ontario cabinet minister Darcy Mc-Keough went so far as to deny Mr. Trudcau's claim that jobs are available in any

For all that, some are trying to provide ork for themselves instead of walting work for themselves inclosed of walting around for something to fall into their lays of for some symment, "make-work" apportunity, Jieffer and the sampling of Employment Market and School
when our joos or all kiness some by students.

There must be many another sphere of activity awaiting enterprising folk. A coffee shop say — not just some hole in the wall or sidewalk affair but a place where the talents of home-made cooking, interior decorating of home-made cooking, invertor decorating and so on might be brought to play. One sees young people overseas in this kind of venture but seldom here.

Initiative, talent — and of course some y - are the keys to many a venture of this kind. Meanwhile, it is good to see a willingness for more pedestrian types of labor, including the student desiring summer employment and willing to do any type of work. Good luck to those who fish in such uncertain waters, where jobs are as scarce as

See Shifts For Civil Servants

TORONTO (CP) — A change in the traditional 9 a.m. to 9 p.m. day for Outario's 5.000 civil servants may follow from a provincial government study made public Toronty.

the communes of government productivity calls for a wideranging review of the hours of work in the public service. This may mean shift work so that government departments and staff would be more easily arraitable to the public at more convenient times, such as dur-

The report said such shifts in the working day should be accompanied by "proportionate pay changes."
It said industry has long rec-

ander that more themonary work hours "need not interfewith productivity, and in son cases can promote it."

- Senior civil servants we briefed on the report by Praier William Davis and its committee members. Mr. Davis told them most of the proposa will be implemented "in on form on weekles."

Conflict of Interest-?

The subject of conflict of interest in numicipal politics is one which has come to the fore in Ontario in recent months. We seem to recall such a matter arising in Thunder Bay and that there were resigna-

tions in consequence.

With regard to Valleyview Crescent we

tion in consequence.

With repeat to Valleyriew Crescent we expressed the epithen recently that the sooner the red takes were the red takes was cut to Incellibe granting of a samilary seven scattering of a samilary seven to the red takes of the red all concerned.

The specification of a shorn seven is assuming to the red to the

there.

As to the storm sewer situation and Mayor Scott's alleged conflict of indress with regard to property there, is a likely we have not heard the end of it. Meanwhile, as far as the residents of Valleyiew Crescent are concerned the smallary sewer casement to grimary. It is inderestable that any section of the city should have to fuerrait the conditions prevailing without the sewer.

GRIMSBY OIL FIRED FURNACE - ATTRACTIVE AND VER-SATILE, DESIGNED TO GIVE YOU MAXIMUM HEAT AT WINIMUM COST.

For Just \$2.90

The furnace itself — complete — is replaced free of charge. Due to the unknown factor or duct work requirement, installation is extra.

In most furnaces, the old burner itself is a separate and distinct part of the unit — should that be required — then it too will be replaced at no cost.

Every part of your heating unit - major or minor - is replaced under this plan.

With FREE NO HEAT SERVICE currently included in the price of oil, all service calls, are provided at no charge.

Domestic boilers can be covered on this plan for \$4.00 ner month. Installation and plumbing extra.

If you wish the best for the least, there is just no bet way to insure against unexpected expense and ma-tain your heating system in top operating condition

This plan is available to you as a home heating customer of ours, on automatic fuel delivery.

Juniper Hetz Blue green shrub. Will grow to 6 foot 4.99

se this attractive bush as a hedge

Grass provides more oxygen, reduces noisa, cuts down on the amount of carbon dioxide in the air and evens out temperature. And what can compare with a smooth, even textured green of a well seeded lawn? Stark with Canada No. 1 seed mixture from Simpsons-Sears garden shop.

Green Karpet Lawn Food 28-16-16g 3.99

20-10-5 formula contains controlled release nitrogen to keep your lawn healthy and colorful over a longer period. Strong grass growth in a fertile soil refules weed prob-lems. For best results use 3 tilnes a season in April, June and August. 20-lb. bag treats up to 4,000 sq. ft.

Merion Kentucky Blue Grass

Grows Into beautiful, thick, cushiony turf if not subjected to too much shade. Crowds out weeds, resists drought and makes a faster comeback from adverse conditions.

Provincial authorities had recommended a maximum increase in apending from 197 to 1972 of eight percent but the Trenton hospital budget rose by about 10 percent from the 1971 figure of \$2.678.012.

Out of 40 hospitals of com-parable size in the country, treasurer John Gummo said, Treaton ranks fifth lowest in operating costs and the rate of increase of these costs is considerably below the nation.

Good Old Days?

Those were the days . . . the good old days people like to say, but were they really so great?

A Mr. Hutton, an Irishman who settled here early in the last century and is the sub-ject of Belleville historian Gerald Boyce's latest work: Hutton of Hastings, found the people "filthy in their habits as far as the use of tobacco is concerned, eternally chew-ed, smoking and spitting, and their man-ners are exceedingly disagreeable. . ."
Trings may have improved a little since

rungs may have improved a little since that next the six post of the city but of course there are still among us people who smoke, despite health warnings; and according to temperament and outlook the community has its quot of folished and the still section of who are disagreeable. Circums sonality will always ensure an element of this at any time and in any place. No to people can ever find themselves in complete accord all the time.

It is certain though that life was rougher in those pioneer days and people v cast rather in the same stamp

But the thing that makes Club Ale
different is slow brewing.
So even though we've gottern bigger, we haven't
got any faster. We still brew Club in the old way, slowly,
letting it take its own sweet time.

Try a slow brewed Club Ale. It's a difference you taste.

The extra-wide gear range is the big deal on this bike - derailleur 10-speed gears that make it a breeze to get going and a snap to keep rolling. And when it's time to come to a stop you can count on the double-safe centre-pull handbrakes and the sure-footed gum-wall tires. Add to that the deluxe extras (like the convenient kickstand, and toe straps) and you can see why this bike is a great buy at regular price, sensational at this hefty saving.

CHILDREN UNDER 12 TRAVEL FOR HALF FARE, UNDER 2 FOR 10%

- fou travel on a regular BOAC or Air Canada scheduled Sight with a reserved and confirmed seat there and sack. And you travel at your convenience.
- Your travel arrangements are handled with courteous, reliable and efficient personal attention from highly trained staff representing the resources and experience of great international airlines.
- Both in Canada and the U.K. the most modern airport facilities are available to help you on your happy-holiday way with the minimum of fuss and bother.
 - You will be welcomed aboard your beautifully appointed jet aircraft as an honoured guest. You'll enjoy mouth-watering meals; relaxing drinks; and the most friendly and polished service our superbly trained in-flight people can lavish on you.
- You can travel at weekends for a nominal \$15 supplement each way. If you go on a Friday or Saturday, and/or come back on a Saturday or Sunday, flights will be less crowded and you needn't miss a single day

A WORD OF ADVICE
Before you make final arrangements for any overseas vacation, check that you are getting full value for you hard-earned vacation dollar. Check the fares; check the flight achedules; make sure you get all the combo personal service and convenience you're entitled to. The control of the combo and convenience you're entitled to. The control service on a scheduled sirline; and buy a worry free presents.

If you plan to visit Britain in '72 come with us. After all, 'BOAC is a Britain in the Sky'. And put yourself in the hands of a professional — your travel agent. He'll tell you all about us.
